PAPUA NEW GUINEA

9/1/96

Dear Esther lovely King!

What a beautiful name you have - I bet you are a really attractive woman!

My name is Mark, and I was very excited when I saw your advertisement in our Post Courier newspaper. Particularly I was excited about your hobbies - Marriage and Exchange of Love Letters - because believe it or not, these are my hobbies too!

I am about 32 years old and people tell me I'm very good looking. A bit like Mel Gibson, only a bit shorter. I am originally from Australia but I was transferred to this beautiful country of Papua New Guinea by my employer several years ago. I am a manager of a toothpaste company, and in fact another of my hobbies is admiring the smiles of beautiful women. I have heard Ghanaian women have beautiful smiles - is this true?

Having such an important job I of course earn lots of money and live a very good life. I have a car, a boat, a very large house, and several servants. The only thing I need to make my life complete is a beautiful wife. Who knows, perhaps this letter might be the start of a wonderful relationship in which I finally get to marry the woman of my

dreams.

I hope you write back soon telling me all about yourself and sending a photograph. I travel a lot, and who knows, perhaps I can come and meet you and your family in 1996. I've always wanted to visit Ghana.

Please write soon, my heart is aching already

Passionately Yours

Mark Doe

PS I'm a white man - I hope this doesn't matter to you. Don't worry, I have my B.W.

Mark
